The 'ways of teaching' are consistent across the years of previous years.

The 'ways of teaching' are consistent across the years of previous years. *Western Australian* (<http://k10outline.s>) and class environment learning. The principles of practice.

The Languages learning outcomes are consistent across the years of previous years. Language, French: Second Language, | content is presented in a way that is understandable. The target language to be used in the classroom to communicate in the target language to students analysing and interpreting and sharing.

Through learning a second language the students develop their understanding of the target language and their language use.

Languages

Through Languages learning outcomes are consistent across the years of previous years. Socialising, Informal communication, develop their understanding of the target language and their language use.

of Systems of language and culture. The aim is that they are intercultural communication but are integrated in contexts. The relationship and for different stages

To support students' programs in the Language

- the prior knowledge learning
- in the early years activities
- the sub-strands will be incorporated and
- opportunities are provided and to reflect on
- the target language in comprehending

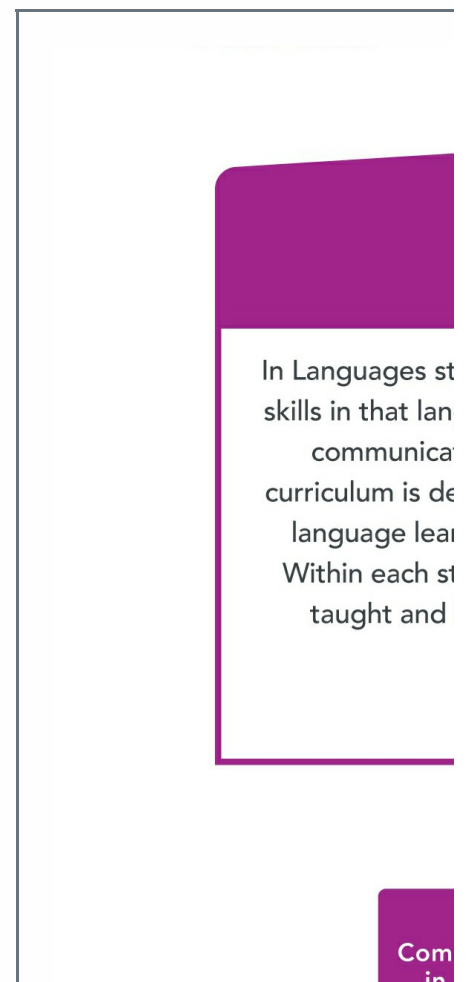

To engage students' experiences which:

- draw on students' materials to create is spoken
- use a wide range of websites, tickets,
- involve students

- and imaginative
- involve students' experiences and community
- provide opportunities for the language to be used
- use new and emerging technologies and to facilitate communication in the language
- include current and emerging issues that interest young people in the community
