 ABLEWA Humanities and Social Sciences Scope and Sequence 

 ABLEWA Humanities and Social Sciences Scope and Sequence

Humanities and Social Sciences has contexts, and considers social, cultural, environmental and geographical contexts, and considers the impact of social, cultural, environmental and geographical contexts on human actions and interactions.

In the Western Australian Curriculum Framework for Humanities and Social Sciences, the focus is on Geography and History. The Humanities and Social Sciences curriculum is designed to provide students with a broad understanding of the world and the human experience.

By studying Humanities and Social Sciences, students will develop critical thinking skills, problem-solving skills, and communication skills. They will also learn to appreciate the diversity of human cultures and the impact of social, cultural, environmental and geographical contexts on human actions and interactions.

Thinking about, reflecting on, and discussing the key historical, geographical and social factors involved, and the impact of these factors on human actions and interactions.

The Humanities and Social Sciences curriculum is designed to provide students with a broad understanding of the world and the human experience. It is designed to provide students with a broad understanding of the world and the human experience, and to develop their critical thinking, problem-solving, and communication skills.
