[◀ Return to Australian Curriculum Languages](#)

In all the languages provided opportunities for students to engage with Australia within the Asian region, how cultures are evolving both locally and internationally. This also provides students with concepts related to

- Asia and Australia
- the languages and cultures of the people of Asian history

## Sustainability

Across the Western world, sustainability allows students to connect with their own and others within particular cultures and communities. This includes international concepts and alternative ways of thinking about conservation and history. It is about how to interact with others and reflecting on cultures both productively and
