 Overview ABL TSIL Framework

 Overview Auslan

The general capabilities and dispositions that will be developed through the program for the Languages are identified within the scope and sequence documents.

Literacy

Students become literate in English, able to interpret and use language in a variety of contexts at school and for participation in the wider community. Literacy involves listening to, reading and using digital texts, and using language in a variety of contexts.

In the Languages, Literacy development is transferable across languages and supports language learners, and support to develop literacy skills.

- developing an ability to use language in a variety of contexts
- mastering of grammar and syntax
- developing semantic and pragmatic skills

Numeracy

Students become numerate in mathematics and apply this numeracy skills broadly. Numeracy involves using mathematical skills in a variety of contexts.
