 Overview ABL TSIL Framework

 Overview Auslan

The Western Australia curriculum framework for English as a Second Language (ESL) is designed to help students who are not proficient in a language communicate effectively and understand the world around them.

In the Western Australia curriculum framework for English as a Second Language (ESL), students learn to communicate in English. This includes learning to understand and use English in various contexts, such as in the classroom, at home, and in the community. The curriculum also focuses on developing students' understanding of the world around them and their ability to interact with others from different cultures and backgrounds.

Language learning is a key component of the Western Australia curriculum framework for English as a Second Language (ESL). This is because language is the primary means of communication and understanding the world around us. By learning a second language, students can expand their horizons, develop new skills, and gain a deeper understanding of different cultures and perspectives. The curriculum also emphasizes the importance of language in the workplace and in everyday life, preparing students for the challenges of a globalized world.

The Western Australia curriculum framework for English as a Second Language (ESL) is based on the principle that all students, regardless of their background or ability, should have the opportunity to learn and use English effectively. This framework provides a structured and supportive environment for students to develop their language skills and understanding of the world. It also recognizes the importance of language in the workplace and in everyday life, preparing students for the challenges of a globalized world. The curriculum is designed to be flexible and responsive to the needs of individual students, ensuring that they can achieve their full potential in English language learning.
