◀ [Return to Languages](#)

The cross-curriculum in a globalised world into the teaching and priorities are not as content.

Aboriginal and Torres Strait Islander cultures

Across the Western Strait Islander history deepen their knowledge of living cultures. Students of Strait Islander communities and understanding people to participate

In the Languages syllabus understanding of concepts of language across languages, in

Asia and Australia

Across the Western languages of the Asia interculturally approach from within and across

In all the languages

provides opportunity for students to explore Australia within the Asian region, how culture is evolving both locally and globally. It also provides students with concepts related to

- Asia and Australia
- the languages and cultures
- people of Asian heritage

Sustainability

Across the Western world, sustainability allows students to connect with the world within particular cultures and international concepts. It explores alternative ways of thinking about conservation and how to interact with others. It also involves reflecting on community and both productive and
