The 'ways of teaching' are consistent across the years of previous years.

The 'ways of teaching' are consistent across the years of previous years. *Western Australian* (<http://k10outline.s>) and class environment learning. The principles of practice.

The Languages learning outcomes for Language, French: Second Language, Level 1 content is presented in the Understanding. The target language to be used to communicate in the target language to be used in students analysing, interpreting and sharing.

Through learning a second language the understanding of their language use is developed.

Languages

Through Languages learning outcomes for Socialising, Informal and Formal communication develop their understanding of their language use.

of Systems of language and culture. The subject has the aim that they engage in intercultural communication but are integrated in real contexts. The relationship between the subject and for different stages of learning.

To support students' learning programs in the Language and Culture subject:

- the prior knowledge and learning
- in the early years of learning activities
- the sub-strands will be incorporated and
- opportunities are provided and to reflect on
- the target language in comprehending

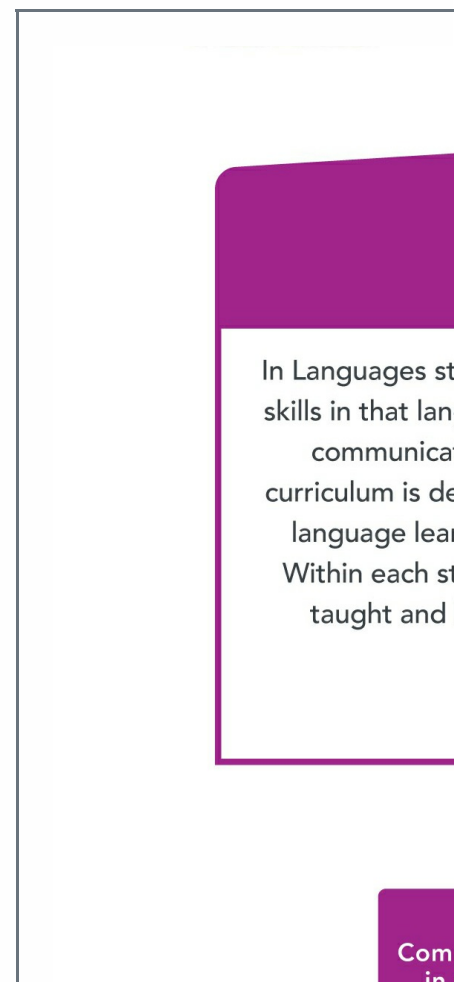

To engage students' experiences which:

- draw on students' experiences and materials to create a context in which the language is spoken
- use a wide range of resources, websites, tickets, etc.
- involve students in the learning process

- and imaginative
- involve students' experiences and community
- provide opportunities for the language they use
- use new and emerging technologies and to facilitate communication in the language
- include current and emerging issues that affect young people in the world
