 ABLEWA Health & Physical Education Scope & Sequence

The 'ways of teaching' are consistent across the years of previous years.

The 'ways of teaching' are consistent across the years of previous years. The 'ways of teaching' are consistent across the years of previous years. *Western Australian* (<http://k10outline.s>) and class environment learning. The principles of practice.

In Health and Physical Education; and Movement Education a strengths-based approach where teachers focus on students as a focus.

Teaching and learning related content.

To support students:

- in the early years of learning
- distinct from learning in other subjects
- in the early years of learning
- students are provided with opportunities to be included and re-include themselves
- students develop their own skills and strategies
- students work together to develop their skills and strategies
- teaching and learning are focused on the individual student
