and incorporates di

## Understanding

The Understanding language and culture intercultural exchange

- *Systems of language*

The content focuses on system, including s

- *Language variation*

The content focuses on how language varies in use (register) over time and place.

- *The role of language in society*

The content focuses on the role of language and culture in the everyday life of the community.

## Year level descriptions

Year level descriptions outline the content with core content being the most important. The descriptions show the interrelated nature of the content and the integration of content across the year level.

## Content descriptions

Content descriptions are the content that students are expected to learn. The descriptions are expected to teach the content through a range of approaches to teaching and learning. The content is appropriately ordered and sequenced to show the concept or skill introduced and extended at later year levels.

Additional content descriptions are content that is not included in the teaching programs. These descriptions take into account learning needs and interests of students.

The additional content descriptions are content that is not included in the teaching programs.

# Achievement

From Pre-primary to that students should  
An achievement standard conceptual understanding  
student is well-placed achievement.
