◀ Return to Languages

The 'ways of teaching' are consistent across the years of previous years.

The 'ways of teaching' are consistent across the years of previous years. *Western Australian* (<http://k10outline.s>) and class environment learning. The principles of practice.

The Languages learning outcomes are consistent across the years of previous years. Language, French: Second Language, content is presented in a way that is understandable. The target language to be used in the classroom to communicate in the target language. Students analysing and interpreting and sharing their learning.

Through learning a second language the students develop their understanding of the target language and their language use.

Languages

Through Languages learning the students develop their understanding of the target language and their language use.

of Systems of language and culture. The subject has the aim that they engage in intercultural communication but are integrated in real contexts. The relationship between language and for different situations.

To support students' learning programs in the Language

- the prior knowledge and learning
- in the early years of learning activities
- the sub-strands of the curriculum incorporated and
- opportunities are provided and to reflect on
- the target language in comprehending

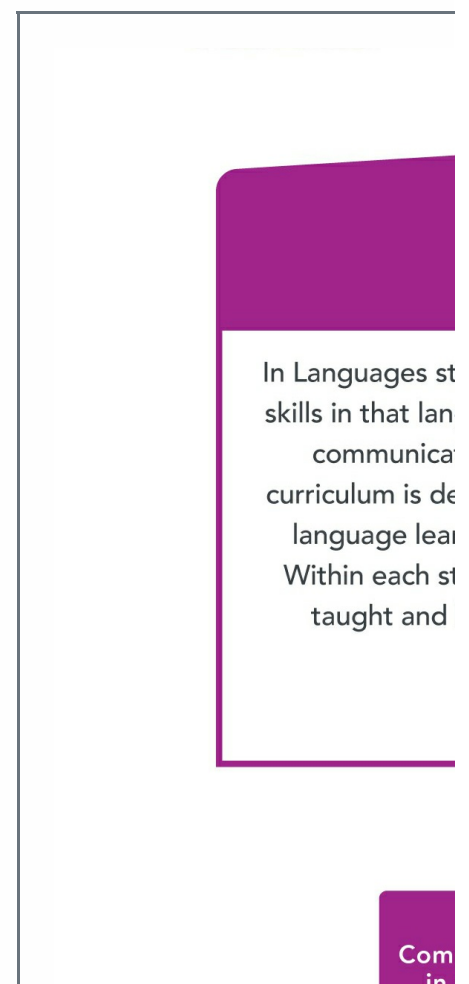

To engage students' experiences which:

- draw on students' experiences and materials to create a context in which the language is spoken
- use a wide range of resources, websites, tickets, etc.
- involve students in the learning process

- and imaginative
- involve students experiences and community
- provide opportunities for the language the
- use new and emerging technologies and to facilitate communication in language
- include current and emerging issues of young people in the
