 ABLEWA Technologies Scope & Sequence

The 'ways of teaching' have evolved across the years of previous years.

The 'ways of teaching' in the *Western Australian Curriculum Framework for Technologies* (<http://k10outline.scs.wa.edu.au/curriculum/framework/technology>) and class environment learning. The principles of practice.

The Technologies Learning Area is an interrelated strands of skills. The strands are integrated between the strands taught in combination.

The teaching of Technologies

- develop systems
- create digital solutions
- create product, services

Design and Technology

In Design and Technology, students create designed solutions using different technologies.

- **Engineering principles** can be used
