The cross-curriculum content is integrated into the teaching and learning of core content.

Aboriginal and Torres Strait Islander cultures

Across the Western Australian curriculum, Aboriginal and Torres Strait Islander cultures are presented in engaging contexts. This content is designed to build understanding and respect for the world's oldest continuous cultures. So, it builds understanding and respect for the world's oldest continuous cultures.

The curriculum enables students to explore the structures for mainstream community and the

Asia and Australia

Across the Western Australian curriculum, the priority of Asia and Australia is to explore and physical activity. Asia underpins the

traditions and beliefs, communication and respect. Student connection across the globe include physical activity

Sustainability

Across the Western world, we explore how they connect to environments, and how they and wider communities within systems play a role in the wellbeing of individuals into the future.

The curriculum enables a relationship between the student and environment. They include learning in the classroom; active outdoor learning; and active products. As such, it is a key part of the future.
