from within and across

In all the languages provided opportunities for students to engage with Australia within the Asian region, how cultures are evolving both locally and globally. It also provides students with concepts related to

- Asia and Australia
- the languages and cultures of the people of Asian history

Sustainability

Across the Western world, sustainability allows students to connect with their own culture within particular cultural contexts. It provides international concepts and alternative ways of thinking about conservation and how to interact with others and reflecting on community both productively and
