The Western Australia curriculum is designed to ensure that all students are proficient in a language and have the communication skills to understand and appreciate the world around them.

In the Western Australia curriculum, students learn about the world through subjects: Chinese: Scope and Sequence, Indonesian: Scope and Sequence, and Second Language.

Language learning and communication skills are essential for students to succeed in the 21st century world. The curriculum provides a framework for students to develop their language skills and to understand and appreciate the world around them. It has also been designed to ensure that all students have the opportunity to learn a second language, a capability that is essential for the future.

The Western Australia curriculum is designed to ensure that all students are proficient in a language and have the communication skills to understand and appreciate the world around them. It is a rich, challenging and culturally diverse curriculum that provides students with the opportunity to explore and understand the world around them as well as their own identities.
