In the Languages, c is integral to comm citizenship and lifel preconceptions, ass culture(s) to their le Learning to move b

to language learning capability. By learning to reflect on things present in their own and cultural practices, students begin to see the connection between language and culture in using language.

Learning a new language is an enriching and cumulative process, providing students with a repertoire of different languages and cultures. Students come to realize that language knowledge, understanding, and use are determined by what they learn about language and culture.
