◀ [Return to Languages](#)

The general capabilities are the dispositions that will enable students to find opportunities for their Learning Languages program for their Learning Languages unless they are identified as having special needs.

Literacy

Students become literate by interpreting and using language in school and for particular contexts. Literacy involves listening to, reading and using digital texts, and using language in contexts.

In the Languages, Literacy develops transferable across language learners, and support to develop literacy skills.

- developing an ability to use language
- mastering of grammar
- developing semantic skills

Numeracy

Students become numerate by using mathematics confidently and broadly. Numeracy involves using mathematics in the
