The Communicating reading, and writing

- interacting and in
- interacting and c

and incorporates di

Understanding

The Understanding language and culture intercultural exchange

- *Systems of language*

The content focuses on system, including s

- *Language variation*

The content focuses on how language varies in use (register) over time and place.

- *The role of language in society*

The content focuses on the role of language and culture in the everyday life of the community.

Year level descriptions

Year level descriptions outline the content with core content being the most important. The descriptions are interrelated nature of the content and the integration of content across the year level.

Content descriptions

Content descriptions are the content that students are expected to teach. The content descriptions are approaches to teaching and learning that is appropriately ordered and sequenced. The content descriptions are concept or skill introduced and extended at later year levels.

Additional content descriptions are content that is not included in the teaching programs. The content descriptions take into account learning and teaching practices.

The additional content descriptions are content that is not included in the teaching programs.
